

# Graphic Designer (m/f/d)

at our site in Raaba near Graz (Austria)

Are you somebody who wants to take on responsibility, to contribute ideas in relation to our unique product and to further develop our game design studio with us? Then, you are in exactly the right place. The Graphic Designer brings life into our games and turns complex mathematics into an amazing adventure for our players!

## Responsibilities:

- As Graphic Designer (m/f/d), you are creating attractive and well-designed user interfaces for our online slot games with a strong focus on user experience and navigation.
- In your daily work you will affect the visual appearance, mood and functionality of our games.
- Therefore, you are constantly updating your own knowledge about new trends and practices in the gaming industry and transfer it into our games.
- You also use the Adobe creative cloud and Texturepacker for the production and implementation of game assets.

## Qualifications:

- A degree or certification in art and design or 3+ years of professional work experience as Graphic Designer in the Gaming Industry
- Deep understanding of color theory, drawing skills and a good taste in typography
- Extensive working experience with the Adobe creative cloud
- Proficient English and German language skills
- Creating basic 3D and multiple languages are a plus
- Accurately estimate the time required to complete tasks, manage time effectively

## What we offer:

- We are a family-run corporate group with a lively and international business environment
- Safe employer with economic stability and that for over 60 years
- We provide individual opportunities for development and further training within the entire corporate group
- We have a great team with many clever minds
- The Raaba technological park on the outskirts of Graz scores points due to its ease of accessibility and its varied infrastructure with restaurants and cafeterias, grocery stores, fitness studios, travel agencies
- Children's medical center and large car park
- We have a friendly corporate culture and non-hierarchical communication
- Flexible working models allow you to combine your work and leisure time
- We offer an employee discount system and other perks
- We also do not forget the private sphere and get together at sports events, Christmas parties, anniversary celebrations and much more
- Minimum monthly gross remuneration: € 3190,-- , overpayment depends on qualifications and professional experience
